## Why AssureIT Online Backup?

If your business is like most businesses today, your computer data is vital to your everyday operations. In fact, information is often regarded as the lifeblood of today's businesses. Information such as your:

- ✓ **Customer Records**
- ✓ **Emails & Contact Information**
- ✓ **Financial Data**
- ✓ **Key Databases**
- ✓ **Important Documents**

What would happen if you lost that data? Could you recreate it? Even if you could recreate it, how much time would this process take? How much money would it cost you in lost business and lost opportunities? And finally, would your business even survive?

Whether a small or midsize business, you can insure yourself against such loss and inconvenience with the AssureIT online backup service. Our AssureIT online data backup software is specifically designed to manage the process of data backup, storage and recovery.

## AssureIT Online Backup is Automatic.

Once the AssureIT software is installed and configured, backups start automatically. You never have to change disks, rotate tapes or label CDs.
